

HFT PIPESTOPPERS®

HFT Pipestoppers® Inflatable PetroChem® Rubber Stoppers

- For line pipe applications.
- Available in sizes 2 to 12" (50 to 300mm).
- Resistant to a large number of chemicals.
- Each stopper has a longer length than diameter, which prevents them from tipping over inside the pipe and losing their seal.
- With a ribbing to prevent slipping.
- Most commonly used to construction site drain testing operations, debris stopping during machining operations, leak testing of pipework systems in commercial, domestic and industrial applications and much more!
